

Family Baptist Fellowship of Graham, WA seeks volunteers to move mobile home

David Jakubiak is serving an internship at Family Baptist, our NBHM church plant. A mobile home in Kennewick, WA has been donated to be placed on the church property to house David, his wife, Katrina, and their children. It must be broken down, moved 200 miles, stored, and then reassembled. Will you help the Graham team of volunteers?

Needed are:

- Movers and assemblers, etc.
- Money – around \$20,000 would place the home on the property and cover set up costs.
- A septic engineer who can tell us what we need to hook into our system. The county does not have the “As-built” specifications for the church’s system.

Pastor Ken says, “While there may be other possibilities, this mobile home seems best right now. This young family is doing a fantastic job within our church but they must commute about 25 miles from Bonney Lake where they are house-sitting. We need to get them into our community. I am praying for help for this “homeless” family. Does anyone out there have any resources, materials, contacts, suggestions, advice, or money that can help?”

Please call Pastor Ken Alford at 253-405-3104 or email at prkena@televar.com
